RE: Support for Isabel Garcia

23 July 2008

Dear Mr. Huckleberry and Members of the Pima County Board of Supervisors,

I write to you today in support of Isabel Garcia and in concern for the current campaign for her dismissal. Her long history of dedication to and support of social justice and human rights is highly representative of her integrity as a person. Ms. Garcia's passion and commitment as the Pima County Legal Defender are unmatched. However, when not on the job, her passion and commitment to her own beliefs and her First Amendment Rights must also be considered.

I have been horrified to see the abuses that have been reported under the rule of Maricopa County Sheriff Joe Arpaio and have become increasingly alarmed as the rule of law has been eroded under a man who seeks to build wealth and power. He has created division and fear that has resulted in Arizona being known as the most intolerant, anti-immigrant state in the country, hardly a reputation to be proud of. Most people are proud of the fact that Pima County has not engaged in this sort of intolerance. On July 10th, more than 100 people gathered to protest Sheriff Arpaio and to send a clear message to Pima County officials that his sort of xenophobic behavior will not be tolerated in Pima County. Present was Ms. Garcia, on her time, to stand up for what she believes in.

The people behind the recent attacks against Isabel Garcia are disinterested in ethical journalism or a civil discourse that would lead to an exchange of ideas, and their hate radio should not be tolerated. We would be doing irrevocable harm not to take a stand against this type of damaging and destructive force in our community. Ms. Garcia has been making our community a better place for many years, and taking her job would be a grave mistake. How are the personalities at 104.1 helping our community? How is a divisive smear campaign helping to transform our society into one that recognizes the value and respect for all human beings equally? To bend to the will of these hate mongers or opportunists is akin to complying with their ideology. We must stand firm and raise our voices against them. In the words of Dr. Martin Luther King Jr., "silence is betrayal," and we must not betray Ms. Isabel Garcia or our community.

In Solidarity with Isabel Garcia,

(see below names of supporters who have signed on)
