Make Some Noise!

— July 23rd —

Our community is mobilizing to join with the hundreds of actions across the country demanding a repeal or nullification of this dangerous and racist law SB 1070. From youth to labor to faith and community-based organizations, our commitment to social, economic, and political justice commands us to act in defiance of this and any other law that violates basic human rights.

We act on the principle that if a law is unjust, our duty is RESISTANCE!

For more information, please call 520-770-1373.
